About me

I am a first-year BCA student at Christ University, passionate about technology and software development. Currently working at Whalesbook, I have gained proficiency in various programming languages and tools, including React, Node.js, MongoDB, Express.js, AI/ML, JavaScript, Java, C, C++, Python, MySQL, HTML, CSS, Figma, Bootstrap, tailwind, php and linux. My hands-on projects have given me a solid foundation in software development, and I am excited to continue growing my skills and contributing to innovative projects.

Skills

Web Development: React, bootstrap, HTML, CSS

Backend Development: Node.js, Express.js, MongoDB, MySQL, php

Programming Languages: Java, C, C++, JavaScript, Python

AI/ML: Basic proficiency

Tools & Frameworks: Figma, Bootstrap, tailwindCSS, react-redux, react-query

Operating system - Linux

Soft Skills: Leadership, Problem-solving, teamwork, communication, adaptability

---

Experience

Whalesbook | FULL STACK DEVELOPER | 1st jan - (present)

Working in Whalesbook as a full stack developer, contributing to both frontend and backend components.

Applied skills in React for frontend and Node.js, MongoDB, and Express.js for backend development.

Assisted in developing and maintaining web applications.

Collaborated with a team to meet project deadlines and deliver high-quality solutions.

Volunteer Experience

Intel ml/ai trainee - Worked as a student trainee for 6 months in ml/ai course and helped my peers in collaboration with intel at my university.

Codsoft intern - Worked as an intern in Codsoft for 1 month gaining hands-on experience in web development.

Coderone intern - Worked as an intern in Coderone for 1 month gaining hands-on experience in web development.

Cranberri team lead - Worked as a web development leader at team of 5 in Cranberri for 1 month, contributed in making Cranberri's official website and designing it's ui/ux along with it's core functionalities.

Science Exhibition - Event Coordinator

TechGenx 5.0 - Event Coordinator

Ai Workshop - Event Coordinator

Education

Christ University - BCA (Bachelor of Computer Applications) | 2024-2027

Fr. Agnel School | 2010-2024 (85.16%)

Projects

Whalesbook: Making news features using nodeJS, express and mongoDb and designing its ui/ux.

Cranberri: Designed its website.

Newsletter: Made online newsletter as a first semester project using html,css js, sql and php.

Full-Stack Blog: Developed a full-stack blogging application using Node.js, MongoDB, and Express.js.

Plant Analysis System: Created a system to analyze plant data and provide insights using Node.js and MongoDB.

Certifications

Full-stack-developer - UDEMY

Html,css - UDEMY

Javascript - UDEMY

100 days of python - UDEMY

Java programming - UDEMY

Linux pro - UDEMY

Nodejs, expressJs, MongoDB - UDEMY

Student Trainee -Intel Unnati

Leadership Training Program

Additional Information

Passionate about learning new technologies and frameworks.

Eager to contribute to impactful solutions in the tech industry.
